Auditors for School District of Plaistow, N. H.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE SCHOOL BOARD

To the School Board and Citizens of Plaistow:

It gives me pleasure to submit my third annual report of the schools of Plaistow:

Fundamentals

Emphasis has been laid strongly on the acquiring of good ability in the three R's. The needs of pupils in these fields are frequently diagnosed and remedial drills provided. It may be stated that pupils of Plaistow schools measure well up to the average achievements of elementary pupils of the state. Much stress has been laid on the ability to use correct English also. Teachers provide daily opportunity by well organized plans for pupils to improve their proficiency in this field.

Other Subjects

Much effort has been made to make study of the social sciences more effective. Frequent discussions on the teaching of history and geography were held. Supplementary material in these fields was provided, map equipment brought up to date, methods of instruction improved. Citizenship clubs were organized and the discussion of problems was promoted. Promotion of better citizenship and a broader sympathy for the people of all nations is a fundamental aim in this field of instruction.

The teaching of health and care for the health is done on an efficient basis. The need of good food, proper recreation, sufficient rest, ample exercise are stressed throughout the teaching of physiology and hygiene. Teachers employ numerous devices for getting home to pupils these fundamental needs. It is a noteworthy fact

that they display keen interest in taking better care of their physical bodies. The work of the teacher is carefully supplemented by the services of a well trained health nurse. In the short time during which health supervision has been employed, concrete measurement of results show that the work done is of lasting importance. Attention is called to the health report elsewhere.

Careful instruction is given on the effects of alcohol and narcotics on the human system in the elementary schools. The economic waste consequent to the use of alcohol and other narcotics is stressed in secondary school courses. The whole organization of subject matter in this field and methods employed in presenting it are calculated to get the attention of the child.

In music pupils are taught to read the "notes" and are given opportunity for appreciating various types of good music. It affords opportunity for relaxation and creates an atmosphere of charm about the school room. Music has a potent influence. One of the ancient citizens of Athens asked to give a reason for the greatness of the city replied, "Athens owes its greatness to the fact that it is a singing city." Your attention is called to the report of the supervisor of music elsewhere.

SUPERVISORY UNION 55

The supervisory union exists mainly for the purpose of electing a superintendent of schools and fixing his salary. It is made up of Salem, Plaistow, Hampstead, Newton, Atkinson, and South Hampton. The following data will be of interest.

| District | Schools | Teachers | Pupils(1925) |
|------------------|---------|----------|--------------|
| Salem | 16 | 21 | 612 |
| Plaistow | 9 | 9 | 270 |
| Hampstead | 6 | 8 | 188 |
| Newton | 4 | 4 | 112 |
| Atkinson | 4 | 4 | 75 |
| Atkinson Academy | 1 | 2 | 20 |

| | | | | |
|---------------|---|---|----|------|
| South Hampton | 1 | 1 | 66 | 34 |
| Total | | | | 1291 |

I have completed three years of service in this union. During this time, I have made 2481 visits to teachers, attended 143 School Board Meetings, conferred at some length with chairmen of School Boards 188 times at their request, and have written approximately 3000 letters regarding school business. This does not comprise the complete report of the activities of your superintendent, but it shows the character of the service which has been rendered.

We have a teaching force which possesses real energy and skill in teaching. There is cordial co-operation among its members and they simply deserve the commendation of the citizens of Plaistow.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent and School Board:

It is with pleasure, I submit my annual report as Supervisor of Music in Plaistow.

In the annual reports, I have more than once given the aims of the work in detail; but this year I will give a quotation from a new outline of our series of text books:—we seek “to develop power and enthusiasm in participation and enjoyment in listening.”

The Hollis Dann Music Course is being used throughout the grades, with the exception of grades seven and eight where “Junior Music” published by Ginn and Co. was introduced at the beginning of the Fall Term 1925. This book is one of special charm and beauty, a collection of attractive three and four-part songs.

In December 1925 the Pollard and Westville Schools presented the operetta, “Mother Goose’s Birthday,” before an audience that filled the hall and was generously appreciative of the young people’s efforts.

At the present time the pupils of grades seven and eight are being prepared for a music memory test. The test will be a competitive one between pupils of the same grades in Hampstead, Plaistow, and Salem. The contest which is to be given in May is based on the year’s work with Victrola records and piano compositions carefully selected from the best known classics.

Very recently a Junior Choir has been formed in the Pollard School. This is an organization for boys with unchanged voices only. It is made up of sixth, seventh, eighth and a few fifth grade boys. The work thus far has proven very satisfactory, the boys are doing creditable work in two and three-part singing.

In looking back over the year's work I find in every case co-operation and pleasant classroom associations. In conclusion let me thank the Superintendent, School Board and Teachers for their continued interest and support.

Respectfully submitted,

EVA W. THOMPSON.
